We believe
contraceptive
implant removal
should be as easy
and gentle as
possible

When we asked women about their experiences:

44% said they dreaded the removal of their implant.

30% felt the standard removal procedure was unpleasant.

18% would not choose a contraceptive implant again due to the removal procedure. ^[1]

We have developed an innovative alternative to the standard removal procedure.

How our device works

A disposable medical device for removal of a single-rod contraceptive implant

- **Standardized removal method**
- **Controlled depth and width of incision**
- **Easy to learn, easy to use**
- **Pre-sterilized**

1

Fixation

Our device stabilizes and fixates the implant under the skin.

2

Incision

Terms & Conditions

The customer's attention is drawn in particular to the provisions of clause 5, 7 and 10

These Terms and Conditions of Supply by the Supplier to the Customer apply in default of any other agreement.

Interpretation

1.1 Definitions:

"Business Day"; a day (other than a Saturday, Sunday or public holiday) when banks in London are open for business.

"Conditions"; the terms and conditions set out in this document as amended from time to time in accordance with these Conditions.

"Contract"; the contract between the Supplier and the Customer for the sale of Goods in accordance with these Conditions.

"Customer"; the person or firm who purchases the Goods from the Supplier.

"Force Majeure Event"; has the meaning given in clause 11.

"Goods"; the goods (or any part of them) set out in the Order.

"Order"; the Customer's order for the Goods, as set out or otherwise requested in the Customer's purchase request, the Customer's acceptance of the Supplier's quotation/offer, or otherwise as the case may be.

"Specification"; any specification for the Goods that is agreed by the Customer and the Supplier.

"Supplier"; Smartway Pharmaceuticals Limited, registered in England and Wales with company number 08481191 or Smartway Pharma Limited, registered in England and Wales with company number 08252650, whichever is confirmed on the Order.

1.2 Interpretation

1.2.1 A reference to a statute or statutory provision is a reference to such statute or provision as amended or re-enacted. A reference to a statute or statutory provision includes any subordinate legislation made under that statute or statutory provision, as amended or re-enacted.

1.2.2 Any phrase introduced by the terms including, include, in particular or any similar expression shall be construed as illustrative and shall not limit the sense of the words preceding those terms.

1.2.3 A reference to writing or written includes faxes and emails.

Basis of contract

2.1 These Conditions apply to the Contract to the exclusion of any other terms that the Customer seeks to impose or incorporate, or which are implied by trade, custom, practice or course of dealing.

2.2 The Order constitutes an offer by the Customer to purchase the Goods in accordance with these Conditions. The Customer is responsible for ensuring that the terms of the Order and any applicable Specification submitted by the Customer are complete and accurate.

2.3 The Order shall be deemed to be accepted when the Supplier at its convenience confirms acceptance of the Order to the Customer verbally and/or in writing, at which point the Contract shall come into existence.

2.4 The Customer waives any right it might otherwise have to rely on any term endorsed upon, delivered with or contained in any documents of the Customer that is inconsistent with these Conditions.

2.5 Any samples, drawings, descriptive matter or advertising produced by the Supplier and any descriptions or illustrations contained in the Supplier's catalogues, brochures or through any other means in which the Goods are described are produced for the sole purpose of giving an approximate idea of the Goods referred to in them. They shall not form part of the Contract nor have any contractual force.

2.6 A quotation for the Goods given by the Supplier shall not constitute an offer. A quotation shall only be valid for a period of 28 Business Days from its date of issue.

Goods

3.1 The Goods are described in the Supplier's confirmation, pro-forma and in the sales invoice, as the case may be.

3.2 The Customer shall indemnify the Supplier against all liabilities, costs, expenses, damages and losses (including any direct, indirect or consequential losses, loss of profit, loss of reputation and all interest, penalties and legal and other reasonable professional costs and expenses) suffered or incurred by the Supplier in connection with any claim made against the Supplier for actual or alleged infringement of a third party's intellectual property rights arising out of or in connection with the Supplier's use of the Specification. This clause 3.2 shall survive termination of the Contract.

3.3 The Supplier reserves the right to amend the Specification if required by any applicable statutory, legal, manufacturer or regulatory requirements or guidance.

Delivery

4.1 Unless otherwise agreed in writing, the Customer acknowledges that the Orders are sold on an ex-works basis meaning that the Customer must collect the Goods from the Supplier at the address set out in the Order.

4.2 The Supplier shall deliver the Goods to the location set out in the Order or such other location as the parties may agree ("Delivery Location") at any time after the Supplier notifies the Customer that the Goods are ready.

4.3 The Supplier shall ensure that: 4.3.1 each delivery of the Goods is accompanied by a Packing Note that shows the type and quantity of the Goods (including the code number of the Goods, where applicable),

4.3.2 if the Supplier requires the Customer to return any packaging materials to the Supplier, that fact is clearly stated on the Packing Note and on the Order. The Customer shall make any such packaging materials available for collection at such times the Supplier shall reasonably request. Returns of packaging materials shall be at the Supplier's expense.

4.4 Delivery is completed on the completion of unloading of the Goods at the Delivery Location or the Supplier confirming that the Goods are available for collection at the Delivery Location, whichever is the later event.

4.5 Any dates quoted for delivery are approximate only, and the time of delivery is not of the essence. The Supplier shall not be liable for any delay in delivery of the Goods that is caused by a Force Majeure Event or the Customer's failure to provide the Supplier with adequate delivery instructions or any other instructions that are relevant to the supply of the Goods.

4.6 If the Supplier fails to deliver the Goods to the Delivery Location or otherwise fails to confirm that the Goods are available for collection at the Delivery Location, its liability shall be limited to the costs and expenses incurred by the Customer in obtaining replacement goods of similar description and quality in the cheapest market available, less the price of the Goods. The Supplier shall have no liability for any failure to deliver the Goods to the extent that such failure is caused by a Force Majeure Event or the Customer's failure to provide the Supplier with adequate delivery instructions or any other instructions that are relevant to the supply of the Goods.

4.7 If the Customer fails to accept delivery of the Goods within 3 Business Days of Supplier notifying the Customer that the Goods are ready, then, except where such failure or delay is caused by a Force Majeure Event or Customers' failure to comply with its obligations under the Contract: 4.7.1 delivery of the Goods shall be deemed to have been completed at 9:00 am on the third Business Day after the day on which the Supplier notified the Customer that the Goods were ready for collection at the Delivery Location; and

4.7.2 The Supplier shall store the Goods until delivery takes place, and may, in its absolute discretion, charge the Customer for all related costs and expenses (including insurance and storage).

4.8 If five Business Days after the day on which Supplier notified the Customer that the Goods were ready for delivery the Customer has not taken delivery of them, the Supplier may resell or otherwise dispose of part or all of the Goods and, after deducting reasonable storage and selling costs, account to the Customer for any excess over the price of the Goods or charge the Customer for any shortfall below the price of the Goods.

4.9 If Supplier delivers up to and including 20.0% more or less than the quantity of Goods ordered the customer may not and shall not reject them, but on receipt of notice from the Customer that the wrong quantity of Goods was delivered, a pro rata adjustment shall be made to the Order invoice.

Unless otherwise expressly agreed in writing between the Customer and the Supplier.

4.10 The Supplier may deliver the Goods by instalments, which shall be invoiced and paid for separately. Any delay in delivery or defect in an instalment shall not entitle the Customer to cancel any other instalment.

4.11 The Goods are not sold on a sale or return basis.

4.12 The Supplier may from time to time send with the Goods a temperature logging device for the purpose of effective compliance. Where the Supplier does elect to use such a device, the Customer has an obligation to return the temperature logging device and comply with reasonable requests from the Supplier relating to the shipment.

Recall

5.1 At any time, and in its absolute discretion, the Supplier may recall Goods that it has sold to the Customer, provided that such a recall is triggered by a Competent Authority and/or by a manufacturer of Goods sold to the Customer by the Supplier or that it is otherwise necessary, in the reasonable opinion of the Supplier.

5.2 The cost of recalling Goods in accordance with this clause 5 will be those of the Supplier and not the Customer, provided that those costs are limited to the costs incurred in collection of the Goods.

5.3 The Customer shall be under a duty to provide reasonable co-operation to the Supplier in effecting a recall under this clause 5.

Quality

6.1 The Supplier warrants that on delivery the Goods shall:

6.1.1 conform in all material respects with the Specification; 6.1.2 be free from material defects in design, material and workmanship; 6.1.3 be of satisfactory quality (within the meaning of the Sale of Goods Act 1979); and

6.1.4 be fit for any purpose held out by the Supplier

6.2 Subject to clause 1, if:

6.2.1 the Customer gives notice in writing to Supplier within a reasonable time of discovery that some or all of the Goods do not comply with the warranty set out in clause 1; 6.2.2 The Supplier is given a reasonable opportunity of examining such Goods; and 6.2.3 the Customer (if asked to do so by the Supplier) returns such Goods to the Supplier's place of business at the Customer's cost,

6.2.4 The Supplier shall, at its option, repair or replace the defective Goods, or refund the price of the defective Goods in full.

6.3 The Supplier shall not be liable for the Goods' failure to comply with the warranty set out in clause 1 in any of the following events:

6.3.1 the Customer makes any further use of such Goods after giving notice in accordance with clause 2;

6.3.2 the defect arises because the Customer failed to follow the Supplier's oral or written instructions as to the storage, commissioning, installation, use and maintenance of the Goods or (if there are none) good trade practice regarding the same; 6.3.3 the defect arises as a result of the Supplier following any drawing, design or Specification supplied by the Customer; 6.3.4 the Customer alters or repairs such Goods without the written consent of the Supplier; 6.3.5 the defect arises as a result of fair wear and tear, wilful damage, negligence, or abnormal damage, or working conditions; or

6.3.6 the Goods differ from the Specification as a result of changes made to ensure they comply with applicable statutory, legal, manufacturer or regulatory requirements.

6.4 Except as provided in this clause 6, the Supplier shall have no liability to the Customer in respect of the Goods' failure to comply with the warranty set out in clause 1.

6.5 The terms implied by sections 13 to 15 of the Sale of Goods Act 1979 are, to the fullest extent permitted by law, excluded from the Contract.

6.6 These Conditions shall apply to any repaired or replacement Goods supplied by the Supplier.

Title and risk

7.1 The risk in the Goods shall pass to the Customer on completion of delivery.

7.2 Title to the Goods shall not pass to the Customer until the earlier of:

7.2.1 The Supplier receives payment in full (in cash or cleared funds) for the Goods and any other goods that the Supplier has supplied to the Customer, in which case title to the Goods shall pass at the time of payment of all such sums; and

7.2.2 the Customer resells the Goods, in which case title to the Goods shall pass to the Customer at the time specified in clause 4.

7.3 Until title to the Goods has passed to the Customer, the Customer shall:

7.3.1 not remove, deface or obscure any identifying mark or packaging on or relating to the Goods;

7.3.2 maintain the Goods in satisfactory condition and keep them insured against all risks for their full price from the date of delivery;

7.3.3 notify the Supplier immediately if it becomes subject to any of the events listed in clause 1; and

7.3.4 give the Supplier such information relating to the Goods as the Supplier may require from time to time.

7.4 Subject to clause 5, the Customer may resell or use the Goods in the ordinary course of its business (but not otherwise) before the Supplier receives payment for the Goods. However, if the Customer resells the Goods before that time:

7.4.1 it does so as principal and not as the Supplier's agent; and

7.4.2 title to the Goods shall pass from Supplier to the Customer immediately before the time at which resale by the Customer occurs.

7.5 If before title to the Goods passes to the Customer the Customer becomes subject to any of the events listed in clause 1, then, without limiting any other right or remedy the Supplier may have:

7.5.1 the Customer's right to resell the Goods or use them in the ordinary course of its business ceases immediately; and

7.5.2 The Supplier may at any time: (a) require the Customer to deliver up all Goods in its possession that have not been resold, or irrevocably incorporated into another product; and

(b) if the Customer fails to do so promptly, enter any premises of the Customer or of any third party where the Goods are stored in order to recover them.

Price and payment

8.1 The price of the Goods shall be the price set out in the Order or invoice or as otherwise agreed between the Customer and Supplier.

8.2 The Supplier may, by giving verbal or written notice to the Customer at any time before delivery, increase/decrease: (a) the price; or (b) quantity of the Goods to reflect any adjustments in the cost/availability of the Goods that is due to:

8.2.1 any factor beyond the Supplier's control (including foreign exchange fluctuations, increases in taxes and duties, and increases in labour, materials and other manufacturing costs); 8.2.2 any request by the Customer to change the delivery date(s), quantities or types of Goods ordered, or the Specification; or 8.2.3 any delay caused by any instructions of the Customer or failure of the Customer to give the Supplier adequate or accurate information or instructions.

8.3 The price of the Goods: 8.3.1 excludes amounts in respect of value added tax (VAT), which the Customer shall additionally be liable to pay to the Supplier at the prevailing rate, subject to the receipt of a valid VAT invoice; and

8.3.2 excludes the costs and charges of packaging, insurance, administration charges (including, without limitation, Certificate of Origin, Certificate of Conformity and export permits), and transport of the Goods, which shall be invoiced to the Customer.

8.4 The Customer shall settle in cleared funds all invoices on a pro-forma basis, unless otherwise agreed in writing between the Customer and the Supplier and as recorded on the terms of the invoice from the Supplier to the Customer.

8.5 Where the Supplier agrees alternative terms to those set out in clause 8.4, the Supplier may invoice the Customer for the Goods on or at any time after the completion of delivery.

8.6 The Customer shall pay the invoice in full and in cleared funds by the end of the month following the month the invoice was dated. Payment shall be made to the bank account nominated in writing by the Supplier. Time for payment is of the essence.

8.7 If the Customer fails to make any payment due to the Supplier under the Contract by the due date for payment, then the Customer shall pay interest on the overdue amount at the rate of 8.0% per annum above the Bank of England's base rate.
